Gen_01_00a_Creation_Intro

An introduction to the book of Genesis and how it fits into the overall scheme of the Scriptures.

The genius of Genesis is seen both in the way it introduces its material in strategic and clear segments and the way its numerous themes are introduced and interwoven throughout the Bible

Gen_01_01a_Creation Genesis 1:1;

The book of Genesis is a book of beginnings

The beginning of the heavens and the earth.

The beginning of mankind.

The beginning of marriage and family.

The beginning of sin and death.

The beginning of the nations.

The beginning of the people of Israel.

Genesis lays the foundation for the rest of the Scriptures

Gen_01_02a_Creation Genesis 1:2-5;

There is only one God and that is the God who created us.

No matter what we may hear or read in the newspapers, we did not create God.

The more powerful telescopes that scientists are able to make, the more galaxies we are able to see.

There are millions upon millions. Behind it all is our God who is personally involved in His creation.

Gen_01_06a_Creation Genesis 1:6-28;

God describes how He created the world and the origin of all living things.

Life comes from life and even today science cannot make any living thing from non living material despite what is often claimed on the TV channels by Darwinian evolutionists. Even the simplest cell is a beautifully designed complex chemical factory.
